Kidney disease often advances so rapidly that many a person is firmly in its grasp before aware of its progress. Prompt attention should be given the slightest symptom of kidney disorder. If there is a dull pain in the back, headaches, dizzy spells or a tired, worn-out feeling, or if the kidney secretions are offensive, irregular and attended by pain, procure a good kidney remedy at once.

## DYNAMITE BRINGS BODY TO SURFACE OF NEWTOWN LAKE

(Special to The Farmer.)

Newtown, Sept. 15.—Dynamite today brought to the surface of Taunton Lake the body of William Homan, aged 19, who has been missing since Labor Day. The body was found by William B. Glover, superintendent of the Newtown Water company, at 6:30 o'clock this morning near the power house.

Securing a row boat Mr. Glover pulled the body ashore and notified his family and Medical Examiner Dr. Walter J. Kierman.

Dr. Kierman viewed the remains and gave permission for the removal of the undertaking parlor of Homan & Brew. The funeral will be held from the late residence tomorrow morning and high mass of requiem will be celebrated at St. Rose's church.

Homan went fishing at Taunton Lake on Labor Day. When he did not return, it was believed that he was drowned. Following fruitless search, W. K. Mollan, of Bridgeport, for the state fish and game commission, gave permission for the exploding of dynamite in the lake a few days ago.

The water company's men were taken steps to have the water purified.

## MAN CRUSHED TO DEATH ON CORN CUTTER

New Canaan, Sept. 15.—Edward Lynch, aged 35, a farmhand, was badly crushed and cut up in a corn cutting machine here yesterday. He died almost immediately. He was running the machine when the belt broke and the end caught him and whirled him into the wheels and gears. The flywheel then hurled him nearly 25 feet. He leaves a wife and one child.

## LAKEVILLE HOME MAY BE RETAINED

As the result of a meeting of the building committee of the commission in charge of the transfer of the Connecticut School for Peopie, held yesterday at the Capitol, it may be decided to maintain both institutions, instead of abandoning the Lakeville home entirely. It was brought out at the meeting, that the amount of money available to the commission, \$200,000, is only enough to pay for buildings which would house 350 inmates. There are now 400 inmates at Lakeville and the number is likely to increase, rather than decrease.

"A way out of the difficulty was suggested by one of the members of the commission who thought that the children of the institution could be kept at Lakeville, when the others were moved to Mansfield. Although the children would not thus get the benefit of newer equipment, they would not be required to associate with the older patients, an association which has been said to result in the spreading of immoral influences.

## WILL BURN AUTO AFTER LEPER IS HANDED TO GOVT.

Pittsburgh, Sept. 15.—Elmer E. Gable, a former United States soldier who contracted leprosy while serving in the Philippines and who has been under strict guard in a tent at the municipal hospital since his appearance here several months ago, will be returned to Washington in an automobile and after he has been turned over to the army authorities the machine will be burned.

This plan was announced today by Dr. James F. Edwards, director of health, to solve the problem of Gable's future. Common carriers would not transport Gable and Dr. Edwards finally decided it would be cheaper for the city to sacrifice the cost of an automobile than to keep Gable here. Having been honorably discharged from the army, Gable is a ward of the government, the authorities hold.

## Rheumatism

A Home Cure Given by One Who Had It.

In the spring of 1903 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried every remedy, remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and have been cured with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your Rheumatism, you may send the price of it, one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair. Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

William Stagg, of Stratford, has been awarded \$40 compensation by Commissioner E. T. Buckingham today for injuries he sustained while in the employ of Mrs. A. Bedell Benjamin of the same town. This decision was made by the commissioner today.

Mr. Stagg was employed by Mrs. Benjamin to do some painting and carpenter work. On August 31 he fell from a staging and severely sprained his back and left wrist. His injuries confined him to his bed for six weeks. During the period he was employed by Mrs. Benjamin he received \$4.50 per day. The Travelers' Insurance Co., with whom Mrs. Benjamin had a workmen's compensation policy, claimed Stagg was working as a contractor and not as an employee. Commissioner Buckingham held differently.
